Staff Responses to Public Comments from the April 6, 2023, PNUT Board Meeting

Sally Barraclough

Ms. Barraclough is the Vice-Chair of the Sugarhouse Community Council and Chair of the Parks and Open Space Trails Subcommittee. On April 1st, over 20 trees were planted in Fairmont Park in a volunteer project between TreeUtah and Friends of Fairmont. Friends of Fairmont Park are working on designing their glass recycling bin to be more designed like Liberty Park as these containers get graffitied. They did some fundraising with Sugarhouse Community Council and Momentum Recycling, the ones who own the recycling bins, Friends of Fairmont, and Salt Lake Arts for a \$2,000 grant to pay an artist to design the recycling bins. The deadline for the proposals is April 19th.

Staff Response:

No staff response needed.

Elliott Moss

Mr. Moss wanted to praise the person who does the monthly newsletter. They are good, and he appreciates receiving that every month. He also thanked the Board for the work they do. He shared when he was on the Board, that he was involved with the Jordan River and Bear River. He spoke about the importance of these water sources.
